

Preparing for SEPTA Service Cuts - August 2025

Due to the lack of state funding for transit, SEPTA is forced to close its \$213 million structural operating deficit by cutting 20% of its service beginning August 24, 2025. This includes route eliminations, route shortenings, and overall reductions in service frequency.

This guide is meant to help SEPTA riders plan ahead and provides information and tips for navigating the SEPTA app and SEPTA.org. **Even with careful planning, please allow extra time for your initial trips after the cuts go into effect due to likely crowding and delays.**

Monday, September 1:

- Fare increase goes into effect

Tuesday, September 2:

- Regional Rail service cuts go into effect with fewer scheduled weekday trains on most lines and most weekend service reduced from hourly to every two hours
- Chestnut Hill East service will also return on this day

SEPTA is doing everything we can to ensure that our riders have the information and tools they need to navigate service cuts.

This includes:

- Installing signage at over 3,000 bus stops, Metro stations, and Regional Rail stations
- Making announcements on Metro and Regional Rail station platforms
- Posting information on our website, app, digital screens, and social media
- Sending SEPTA staff to bus terminals and stops most affected by route eliminations the week before and first week of the cuts
- Ensuring our app and website are preloaded with accurate information about the post-Phase-1-cut schedules (see below)

2. To see interactive schedules for your route(s)

- From the home screen, tap “Schedules” at the bottom of the screen
- Search for your route in the search bar at the top or browse all routes via the Bus, Metro, and Regional Rail buttons
- Select the direction and at least a starting stop (destination stop is optional) to see schedule details
- From the schedule details screen, set the date of your trip to AFTER the service cuts for your network(s) go into effect (Aug 24/25 for Bus/Metro, Sept 2 for Regional Rail) to see the new schedules
- If you select a date beforehand, you’ll see the current schedules like normal
- If your route is slated to be eliminated, no service will show
- Third-party apps like Google, Apple, and Transit app have been given access to this data as well, and should have correct information at the latest as of the first day of the schedule change. However, for planning ahead prior to the start of the cuts, the SEPTA app or website are the most accurate source of information
