Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the West Fallowfield Township, Chester County, Pennsylvania – Water Main Extension Project in fiscal year 2026. The entity to receive funding for this project is the West Fallowfield Township, located at 3095 Limestone Road, Cochranville, PA 19330. West Fallowfield Township is seeking funding through the Environmental Infrastructure Program to plan, design, and construct a public water main extension that will replace aging on-lot systems, connect residents to the Chester Water Authority, and enhance fire protection within the community. The project is an appropriate use of taxpayer funds because it will provide reliable public water service, address aging and inadequate on-lot systems, and enhance fire protection through the installation of hydrants.

The project has a Federal nexus because the funding provided is for purposes authorized in Section 219(f) of the Water Resources Development Act of 1992 (P.L. 102-580), as amended through P.L. 118-272:

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "Chrissy Houlahan".
